DOG OWNER'S ETIQUETTE

You are welcome to bring dogs of smaller breeds to our restaurant.

Unfortunately, large dogs are not allowed, except in the outdoor area. Please consult our staff before entering.

If you decide to enter our restaurant with a dog, we kindly ask you to observe some basic rules and to take full responsibility for the behaviour of your four-legged friend.

Dogs have to be kept on a short leash.

The dog does not belong in your lap, on a chair or on the table.

Do not use the toilet to wash your dog.

Do not walk your dog inside the restaurant, in the garden, and on or around the children's playground.

Do not feed the dog from the table and do not give it food from our plates or water from our glasses. If you do not have a bowl for your dog, please ask our staff for assistance.

We recommend

taking the dog for a walk before coming to the restaurant, so it can pee and poop. After a good walk, a slightly tired dog will find it easier to lie quietly at your legs while you eat. Ask our waiting staff to find a quieter table where your dog will not be disturbed by guests and our staff frequently passing by.

GROF RESTAURANT/ GUEST HOUSE since 1901

It all started in the vicinity of Čepanje, along the Vrasko-Šempeter main road, in 1901 when Johan Goričan opened his first wine tavern. An excellent fruit- and winegrower, Johan was the attendant of the Stopnik manor. He was married to Neža (née Brinovec), who worked as a cook at the Hachenberg manor. They both respected human values and people, which is important for a successful enterprise. They pursued and kept improving their vision until 1936 when their nephew Franz Brinovec and his wife Pavla Rome took over the restaurant. They were in charge until 1953. Back then, Johan and Neža most likely could not have imagined that the road passing their guest house, which gave the establishment its initial boost, would have such profound effect on it over the years ...

During the construction of a new road, the house was torn down. The guest house moved to a new location and reopened in 1968. It remained in business until 2000 when it closed down again due to construction of the new motorway.

Today, we are celebrating 110 years since Johan Goričan opened his own wine tavern. Horses and carriages have since been replaced by cars and buses. We have hosted countless visitors. But time changes everything, and from the early days when people were paying in guildens to now when we are paying with a common European currency, our diets and eating habits have changed, too. Yet despite the different times and changed habits, we are keeping alive the core mission of the Grof guest house. We remain devoted to quality offer and happy customers!

Welcome to the world of culinary pleasure.

GROF

Location and interior

Grof has been a roadside guest house since 1901. It may be true that the actual location changed several times in the course of a good century, but being along a main road has left its mark on its character to this day. The easiest way to reach us is to take the A1 Štajerska motorway, and exit Vrasko. Turn onto the regional road No. 447 in direction of Celje. Then, take the first turn right after the roundabout and you will find yourself in the parking lot with space for 200 cars. The Grof restaurant is located less than 200 metres from the motorway exit. There is a room for 550 guests on the ground floor of the restaurant. On the first floor, there are a small lecture room in which 40 persons can sit comfortably, and a special room for up to 50 guests. There is a children's playroom that can also be hired for children's parties.

Cuisine

A long-standing tradition has left a strong mark on the guest house's offer, although the fare has changed profoundly in the 100 years. Nevertheless, we are looking to revive Neža's recipes from when she was cooking to the gentry at the Hachenberg manor, and to keep our offer true to the tradition that grew out of our very environment. We are proudly committed to tradition, and we are delighted to continue the work of our ancestors and predecessors. At the same time, we are aware that our high-paced lifestyle imposes different eating habits. We shall cater to them with a broad offer from Italian cuisine, including pasta and the inevitable pizzas. This is paired with a well-stocked salad bar that never runs out of inspiration.

Sweet corner

The Grof pastry shop offers a broad selection of daily fresh desserts. Our pastry chefs use the best ingredients and draw their inspiration from traditional recipes. Quality, flavour, and appearance are three reasons why you will want to come back. All desserts can also be packed to go.

CYCLING IN THE SAVINJA VALLEY

Savinjska dolina (The Savinja Valley) is a jewel of a destination for any cycling fan.

Enjoy a ride through the green hop fields and meandering forest trails, dirt and gravel paths or roads leading past the prettiest corners of the valley, many natural and cultural landmarks, friendly locals, and wonderful views of the lush greenery.

The Valley was formed by the beautiful Savinja River originating from the stunning glacial valley of Logarska dolina; its spring is the Rinka waterfall. Go for a ride down one of the most beautiful alpine valleys and admire the breathtaking views of the mighty northern side of the Kamnik-Savinja Alps mountain range. Explore the indescribable beauty of the Robanov kot nature reserve, and the wild nature of the Matkov kot valley. Or take the Solčava scenic route to discover magnificent views of the Kamnik-Savinja Alps, gorgeous nature and cultural traits, and enjoy the hospitality of the tourist farms.

Climb up to the Golte nature park – either by bike or take the longest scenic aerial tramway in Slovenia – or take a walk between the picturesque flower beds and the rich ethnographic collection in the Mozirski gaj flower park.

Visit the fairy-tale plateaus of Menina planina and Velika planina with one of the largest shepherd's villages in Europe to learn about life on the mountain, taste the dairy treats, and enjoy a hike or a bike ride through green pastures.

Take the gravel and macadam roads through the green hop fields and stop in the Žalec city park. The fountain there is special for dispensing beer instead of water. Visit the ancient Roman necropolis in Šempeter, stroll along the ancient Roman paths and roads, and admire the most important and well-preserved remnants of the ancient Roman times in Central Europe. North of Šempeter, in the Ponikovski kras nature park, is the "Inferno Cave" – Jama Pekel, a magical karst cave full of fascinating speleothems and home to many plant and animal species.

Visit Celje, the city of the princely counts, and explore the old town centre with remains of the ancient Roman road, mediaeval towers, exceptional architectural heritage, and modern squares with varied hospitality and boutique offer. Climb up to Celje's Old Castle that has been perched on a hill above the town for centuries. It's magnificent view of the old town and the Celje basin will surely impress you.

ROAD CYCLING

From simple flat routes to challenging climbs and descents on safe asphalt roads with light traffic. A broad network of asphalt roads in the Savinja Valley offers many road cycling tours that are both picturesque and safe as the traffic on them is rather light. You can opt for easier flat routes that pass by many local sights, or more challenging ascents to nearby mountain passes and hills. You can also head for the popular nature reserves that will hike up your heart rate even further with wondrous views of the valley and the surrounding peaks. You can take the roads where our greatest champions and winners of Tour de France, Giro, and Vuelta, such as Roglič, Pogačar, Kos, Mohorič and Mezgec plied their trade. Perhaps you will meet one of them on your ride.

FAMILY CYCLING

Our family cycling routes are suitable for children of all ages as they take you on local roads, past local sights that are interesting for the entire family. Some will make you clock up just the right number of kilometres that any cyclist can handle, even if they are not in top shape; others, however, may take more time and energy.

As you explore the region, the many tourist establishments along the way will welcome you with open arms.

MOUNTAIN BIKING

Explore the easy cycling trails through the hop fields and the green meadows and forests of surrounding hills, or hit the more challenging mountain cycling trails or adrenaline skill parks. We can take you to bike parks and trail parks near or far, where you can release your energy and put your skills to the test.

GRAVEL BIKING

Do you enjoy riding a road bike, but also appreciate pristine nature? A broad network of asphalt roads with light traffic and macadam roads in the Savinja Valley offers many road cycling tours suitable for gravel biking. Explore the easy routes through the hop fields, ride along the Savinja River, take in the fresh air as you ride the dirt paths through forests, or climb the surrounding hills and plateaus on macadam roads.

RADGONSKE GORICE

since 1852

The Slovenian sparkling wine birthplace

The fizz of sparkling wine faithfully accompanies the most beautiful moments of our lives: its pop and sparkling bubbling in the glass have always been connected with the start of something new, beautiful and successful. Therefore a glass of sparkling wine is an indispensable part of celebrations, we propose a toast to past triumphs and future challenges with it. The bubbles coming up from the bottom of the glass fill us with positive feelings and joy.

First Slovenian sparkling wine

Radgonske gorice are according to its 158 year tradition the oldest and also the largest producer of sparkling wines in Slovenia. Radgona Gold is the first Slovenian sparkling wine made by the traditional method. Annually awarded champion titles and golden medals at the national and international quality assessments justify the many times underlined fact that it is the most frequent prize-winning Slovenian sparkling wine, the pride of the Slovenian sparkling wine making.
